Introduction to the *Timetable*

The *Timetable* is the listing of course offerings for the term. It includes instructions on registration; details on adding and dropping classes; information about tuition, fees, and billing; academic calendar information; how to get a replacement ID card; and more. Therefore, please keep your printed copy for future reference.

Updated course offerings and enrollment status information is also available in the online *Timetable* (<http://timetable.cites.uiuc.edu>) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to make changes to the *Timetable* without notice. Potential changes could concern rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- IMPOSE ENROLLMENT requirements and prerequisites,
- REASSIGN STUDENTS to other sections in a course,
- WITHDRAW STUDENTS from certain courses or sections after enrollment,
- CANCEL COURSE offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. At the time of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

How to Use the World Wide Web *Timetable*

The *Timetable* is also available on the World Wide Web at <http://timetable.cites.uiuc.edu/>.

The web version allows convenient browsing of the *Timetable*, with the following advantages:

- THE MOST UP-TO-DATE COURSE INFORMATION:** Real-time enrollment status for each course section is provided online.
- CROSS-REFERENCED INFORMATION:** Every course is linked to more complete course descriptions found in the online Courses Catalog.
- HELPFUL INFORMATION:** Supplemental resources are available, including links to campus maps that show class locations and wheelchair accessibility information.

The online *Timetable* can be viewed by using a web browser, such as Netscape or Internet Explorer, on a networked computer. If you have difficulty viewing the online *Timetable*, assistance is available at most CITES locations, including Instructional Computer Sites across campus and the CITES Help Desk (1420 DCL, 244-7000). CITES Help Desk consultants can help you learn about using the online *Timetable* to locate classes and about using U of I DIRECT to enroll in classes.

On Wednesday, August 27, 2003, students should attend classes according to their Monday schedule. Beginning on Thursday, August 28, 2003, classes will meet as scheduled in the Timetable of Classes. UIUC Senate Policy requires all class days to meet a minimum of fourteen times during a semester. The Labor Day holiday, along with the addition of a full week fall break, reduces the number of Monday class meeting days to thirteen necessitating the schedule change.

General Information

Addresses and Phone Numbers are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on

U OF I DIRECT:

LOCAL ADDRESS (for mail sent during the term; this address is automatically updated for students living in University residence halls)

PERMANENT ADDRESS (for mail sent between terms)

EMERGENCY ADDRESS

You may also update your telephone information on U OF I DIRECT. The University phone operators' listings, the Student/Staff Directory, and your entry to the online phone book will include the phone number listed in U OF I DIRECT.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 60 through 68 in the August 2002 *Code of Policies and Regulations Applying to All Students*. (The *Code* is available on the Web at http://www.uiuc.edu/admin_manual/code.)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a

term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study
- Class level
- Dates of attendance
- Full- or part-time status
- Institutions previously attended
- Degrees, honors, and certificates received or anticipated
- Eligibility for membership in registered University honoraries
- Participation in officially recognized activities and sports
- Appointment information of students with fellowships, assistantships, or graduate or undergraduate hourly employment

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follow: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any holder who alters or intentionally mutilates a University ID card (including but not limited to punching holes in the card, applying stickers, etc.), who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of \$20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, recreational facility supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or if the ID card has been reported as lost, stolen, or replaced.

If you cannot find your ID card, go to the Campus ID Center immediately and complete a Lost/Stolen Property Report.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204 Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Nondiscrimination Statement

The commitment of the University at the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that

decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

It is the policy of the University of Illinois not to engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, disability, sexual orientation, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, and access to and treatment in the University programs and activities. Complaints of invidious discrimination prohibited by University policy are to be resolved within existing University procedures.

For additional information on the equal opportunity, affirmative action, and harassment policies of the University, or information on Title IX, ADA, or 504, please contact: for the Urbana-Champaign campus: Associate Chancellor William Berry, Third Floor East, Swanlund Administration Building, MC-304, 601 East John Street, Champaign, IL 61820, (217) 333-4238; or Director Larine Cowan, First Floor West, Swanlund Administration Building (MC-304), 601 East John Street, Champaign, Illinois 61820; (217) 333-0885.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street, and who wish to request accommodations for any or all of the classes in which they are registering should contact the coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited by law from enrolling in that or any subsequent term.

Health and Safety

Important information about alcohol and other drugs and about campus safety is available at <http://www.uiuc.edu/safety/report/>.

In compliance with federal law, this information describes campus policies and resources to help you manage your health and safety.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	Undergraduates	Graduate
Fall/Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall/Spring Semesters	6–11.5 hours	1.5–2.75 units
Class Level:		
Freshmen	0–29.9 hours	
Sophomores	30–59.9 hours	
Juniors	60–89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Intercampus Enrollment Program

The Intercampus Enrollment program is intended to allow students at one campus of the University the opportunity to take advantage of opportunities unique to another campus of the University without having to transfer. It is not designed to replace concurrent enrollment or transfer. The program also provides for summer enrollment at another University campus should financial aid be required. For complete information see the Web site at <http://www.uoapa.uillinois.edu/intercamp/intercamp.html>.

Grades

Grade reports are no longer mailed but are posted to your secure web site at www.oar.uiuc.edu/current. If you do not have access to the web site or you have problems accessing your grade report, contact Registration Services at 244-3216 and a copy will be printed and mailed to you.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

A student who graduates or withdraws from the University and has an outstanding loan from the University of Illinois will not be issued a transcript until he/she has completed an exit interview with the Office of Student Accounts and Cashiers, 162 Henry Administration Building.

The charge for an official transcript is \$5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is \$4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is \$2 per copy.

Transcripts may not be ordered by telephone. They must be ordered using the World Wide Web at <http://www.oar.uiuc.edu/records/transcript.html>, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 901 W. Illinois Street, Urbana, IL 61801. A check or money order made payable to University of Illinois must accompany the order. Payment may also be made using Visa, MasterCard, or Discover Card.

Welcome To U OF I DIRECT Registration

You can use your Network ID and password to access U OF I DIRECT from personal computers on campus or remotely from any computer with an Internet connection where you have installed U OF I DIRECT client software. Online directions for installing a copy of U OF I DIRECT on your home computer can be found at <http://www.cites.uiuc.edu/uidirect/>.

When you log in, you will be welcomed to U OF I DIRECT registration, followed by a request to verify your local address. After that, you will arrive at the U OF I DIRECT Main Menu. Select an option by pressing the identified shortcut key for that option.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log on to U OF I DIRECT.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy.

Through U OF I DIRECT you can:

- REGISTER and add/drop classes
- UPDATE your address and telephone information
- PROVIDE information on appointment/graduation status
- OBTAIN a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the U OF I DIRECT system to register in one of these classes.

The U OF I DIRECT system will control for registration time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to U OF I DIRECT to register or to drop or add classes will be blocked approximately three weeks

prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Assistance using U OF I DIRECT will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 5:00 PM, Monday through Friday. If you need information or assistance using U OF I DIRECT, contact registration@oar.uiuc.edu or call 333-6565.

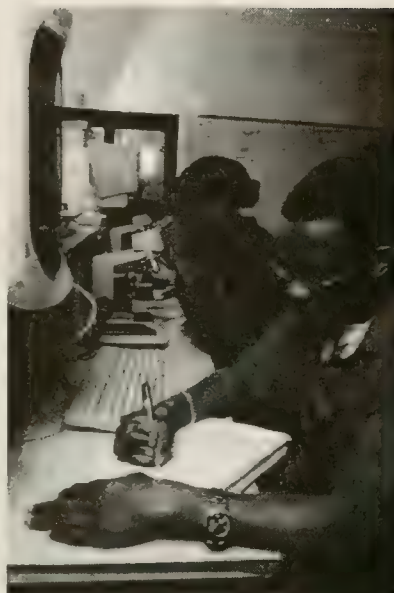

Student Responsibility

YOU ARE RESPONSIBLE for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.

U OF I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.

Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law. Access to U OF I DIRECT will be terminated if you are found to be making excessive unsuccessful registration attempts.

AS AN ENROLLED STUDENT, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the

regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (http://www.uiuc.edu/admin_manual/code).

NOTICE

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See <http://www.oar.uiuc.edu/current/ferpa.html> (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 6 of this document for additional information concerning educational records.

Registration Procedures

Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access U of I DIRECT registration for the term. You will be informed of your Registration Time in your Invitation to Register, available online at www.oar.uiuc.edu approximately two weeks before the start of the Registration Period. You will need your Net ID and password to access this site. (Contact registration@oar.uiuc.edu if you cannot access your secure Web site. Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

Eligibility to Register

In general, students currently enrolled in Illinois degree programs can register early for the 2003 fall semester. You may **not** register early if you are:

- A part-time nondegree student.
- A student graduating prior to August 2003, unless you have been admitted to an Illinois graduate, professional, or second baccalaureate degree for fall semester 2003.
- A student newly admitted to a university degree program. Information about your initial registration procedures will be included in your Notice of Admission.

Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U of I DIRECT to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U of I DIRECT. For additional information on the advising hold, please contact your college office.

Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access U of I DIRECT. An encumbrance will not prohibit you from participating in early registration. You

can continue to use the system to make course changes until your Official Class Schedule is online approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is online, however, all encumbered students will be blocked from access to the U of I DIRECT registration sequence. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

"Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U of I DIRECT.

Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms

Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours

Summer Term 1

Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours

Summer Term 2

Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U of I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours, for graduate students, 3 or more units.

During the fall and spring semesters, full-time undergraduate and professional students will not be permitted to reduce their credit load below 12 hours after the first day of instruction. College approval is required to carry a load of fewer than 12 hours.

Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on **U of I DIRECT**. Should you wish to elect this option, please consult your college office or graduate department.

Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

TWO WEEKS PRIOR to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.

ONE WEEK PRIOR to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

Student Health Insurance

The University's Board of Trustees requires that all students be covered by an insurance plan. Therefore, the University provides a Plan for which the fee is automatically assessed along with other tuition and fees

Request for exemption from the health insurance fee, extension of coverage, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section in the Timetable for deadline dates and instructions.

U of I DIRECT and Your Network ID and Password

To access **U of I DIRECT**, you will use your Network ID and password. **All UIUC students are assigned a Network ID and password when they are admitted to the University.**

As with any computerized system, security of data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. **NEVER** tell anyone your password. **NEVER** let anyone use your Network ID and password. The importance of your password is much like that of a bank card PIN—**ALWAYS** protect the privacy and security of your password. You are required to change your password at least once a year to maintain the security of your Network ID.

You may change your Network ID password using a secure online web page at <https://www-s.uiuc.edu/bluestem/kpasswd.cgi>. You may also change your password using a computer at any CITES location. Staff at these locations can assist you.

For additional information on how to select a good password, see <http://www.cites.uiuc.edu/passwords.intro.html>.

If you forget your Network ID password, go to the Account Services area of the CITES Help Desk at 1420 DCL between 8:30 a.m. and 5:00 p.m. Monday through Friday to have your password reset so you can resume using your Network ID. (If this is not possible for you, call the Help Desk at 244-7000 or email consult@uiuc.edu in order to make alternative arrangements.)

If you have questions or concerns about your Network ID and password, contact the CITES Help Desk. More information on the Help Desk is available at <http://www.cites.uiuc.edu/help/>.

Dial-up Access via Modem

You may access U of I DIRECT using a modem. For complete details, see the section entitled "U of I DIRECT Registration Instructions."

U of I DIRECT Registration Checklist

☐ Have Your U of I DIRECT Registration Materials

To register for courses using U of I DIRECT you need:

U of I DIRECT Schedule Planning Form (located in the back of the *Timetable*)

YOUR Network ID and password

YOUR Registration Time from your Invitation to Register

Using your Net ID and password, access your Invitation to Register on your secure Web site at www.oar.uiuc.edu. (Contact registration@oar.uiuc.edu if you cannot access your secure Web site).

☐ Meet with Your Adviser

ACADEMIC advising is recommended for all students and is required in many programs.

DISCUSS with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.

COMPLETE the Schedule Planning Form as a guide.

☐ Prepare for Enrollment Restrictions that May Be Placed by Departments

Consent Instructor/Authorization Required:

If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission PRIOR TO registering via U of I DIRECT. Approval to register in AUTHORIZATION ONLY courses is entered into the U of I DIRECT system online by the department offering the course. You, in turn, must register for the course using U of I DIRECT.

Independent Study Courses:

Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor PRIOR TO registering via U of I DIRECT.

Courses with Prerequisites:

Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.

Courses with Restrictions:

Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

☐ Clear Advising Hold and Encumbrances

IF YOU HAVE an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the U of I DIRECT system.

THE ADVISING hold must be cleared online by your college or department before you can register using U of I DIRECT.

AN ENCUMBRANCE should be resolved as soon as possible, but will not block your access to U of I DIRECT registration until after your Official Class Schedule has been mailed to you, approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

☐ Register from a Computer on Campus or from a Remote Location

With the previous steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U of I DIRECT. There are many places on campus where you can conveniently access U of I DIRECT. Many of these locations are listed in the *Timetable*.

Continuing students have the option of downloading the U of I DIRECT software to their own computers and running the application remotely. See <http://www.cites.uiuc.edu/uirect/> for more information about downloading this program. This software is not available to incoming students.

☐ Register for a Complete Schedule

YOU ARE advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.

ALTHOUGH additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.

COMPLETE a workable course schedule early, even if every course is not your first choice.

☐ Verify Your Addresses

YOU ARE required to provide a local and a home address. If either is blank, U of I DIRECT will require that you provide the addresses before you will be allowed to add courses.

MAKE CERTAIN that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

☐ Graduate Students: Check Your Appointment

A GRADUATE student with a teaching or research appointment must choose menu option F from the U of I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

☐ If you expect to receive your degree at the end of the term . . .

BE SURE to check menu option E to petition for your degree.

U of I DIRECT Registration Instructions

Logging on to U of I DIRECT

Once at a computer on campus that has the **U of I DIRECT** registration software, use the following instructions to access the system. Carefully follow the provided instructions that explain the necessary way to exit the system. Failure to do so may compromise your password.

From a Macintosh on Campus

To log on:

DOUBLE click on the icon entitled "**U of I DIRECT** Registration". The location of this program will vary depending upon which computer you use. In the CITES public sites, the **U of I DIRECT** registration program can be found in **MAC_APPS:U of I DIRECT**.

A dialog box will prompt you to "Please enter your Network ID and password."

PRESS the <Tab> key until the Network ID field is highlighted.

TYPE in your Network ID.

PRESS the <Tab> key. The password field should be highlighted.

TYPE in your password.

PRESS <Return>. After a brief delay, you will see a message that says "Welcome to the **U of I DIRECT** System."

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Return>.

FROM the exit screen, choose "X" to exit the **U of I DIRECT** system and press <Return>.

ONCE you have chosen "X" to exit and pressed <Return>, the window should disappear, indicating that you have successfully exited the system.

From a PC on Campus

To log on:

RUN the **U of I DIRECT** registration program. The location of this program will vary depending upon which computer you use. In the CITES public sites, the **U of I DIRECT** registration program can be found on the menu under "Network Services."

DOUBLE-CLICK on the icon entitled "**U of I DIRECT** Registration."

WHEN prompted at the "Enter your Network ID:", type in your Network ID at the prompt and press <Enter>.

NEXT the program will prompt you for your "Password." Type in your password and press <Enter>. After a brief delay, you will see a message that says "Welcome to the **U of I DIRECT** System." (If this message does not display, you may have typed your Network ID or password incorrectly. Run the program again and try retyping your Network ID and password).

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Enter>.

FROM the exit screen, choose "X" to exit the **U of I DIRECT** system and press <Enter>.

ONCE you have chosen "X" to exit and pressed <Enter> from the exit screen, you will see some messages including "Tickets destroyed". You have successfully exited the **U of I DIRECT** system. If you are at a CITES site, remember to LOGOFF the machine, also.

Remote Access

If you have a computer with Internet access **AND** you are a continuing student, you can install the **U of I Direct** software on your computer. See <http://www.cites.uiuc.edu/uidirect/> for directions.

If you have difficulty accessing **U of I Direct** with a modem, information and assistance is available from the CITES Help Desk. Their regular hours are Monday to Friday 8:30 to 5:00, with additional hours and locations available during the semesters; check <http://www.cites.uiuc.edu/help/> for details. Alternatively, the Help Desk phone number is 244-7000 and the email address is consult@uiuc.edu.

IMPORTANT NOTICE

Access to **U of I Direct** will be terminated if you are found to be making excessive unsuccessful registration attempts. The department office should be consulted if you need assistance in adding a particular course.

Part-Time, Late, and Visitor Registration

Part-Time Nondegree Registration

If you are a part-time nondegree student, you may register between Tuesday, Sept 2 and Friday, Sept 12. To register, follow the instructions for late registration. Part-time nondegree students who register on these dates will not be charged the late registration fine.

Late Registration

CONDUCTED VIA U OF I DIRECT from Thursday, Aug 28, until 5:00 PM Friday, Sept 12. To complete late registration during this time period, follow the prior instructions in the *Timetable* beginning at "U of I DIRECT Registration Checklist."

Students registering on or after Monday, Sept 15, lose the privilege of using U of I DIRECT. Beginning Sept 15, after you have met with your adviser and secured any required course approvals and clearances, bring your completed Late Registration Form to the Records Service Center, 901 W. Illinois Street to complete registration.

WARNING: Very late registrants are reported to lenders of student loans as NOT REGISTERED until mid-term.

There is a penalty for registering late. You will be assessed a late registration fine of \$15 (amount subject to change) unless you are registering as a visitor.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

IF YOU ARE a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.

IF YOU ARE a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.

IF YOU HAVE not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.

IF YOU ARE a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to the Records Service Center, 901 W. Illinois Street to complete registration.

Tuition and Fee Assessment; Appointment Waivers

Records Service Center, 901 W. Illinois Street
8:30 AM - 5:00 PM

Tuition and Fees

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are exempt from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III, IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Procedures Applying to All Students*, which is available on the Web (http://www.uiuc.edu/admin_manual/code).

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music, and the master's of business administration curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at the Records Service Center, 901 W. Illinois Street, registration@oar.uiuc.edu, or by calling 217-333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (<http://www.uoapa.uiillinois.edu/residency.html>).

To request a change in your residency classification, obtain a petition at the Records Service Center, 901 W. Illinois Street. You must submit the petition by September 30. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone (217) 244-3216 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed this semester are:

General Fee: A mandatory fee comprised of debt service, facility renewal and replacement funds, campus administrative charges, and general University overhead charges; distributed to auxiliary service units (Assembly Hall, Athletic Facilities, Campus Recreation, Career Center, Counseling Center, Illini Union, McKinley Health Center, and Student Services & Arcade Buildings).

Service Fee: A fee composed of categories for salaries, programming, general expenses, and utilities; distributed to auxiliary service units (Assembly Hall, Campus Recreation, Career Center, Illini Union, and Student Services & Arcade Buildings). (*Students exempt from this fee because they are registered in Credit Ranges III & IV may obtain the services by paying the fall semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 26, 2003.*)

Health Service Fee: A mandatory fee assessed to all students for salaries, programming, general expenses, and utilities; distributed to the Counseling Center and McKinley Health Center. (*Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the fall semester fee at the McKinley Health Center Business Office by no later than 5:00 PM, Sept 26, 2003.*)

Health Insurance Fee: A fee which covers the cost of premiums to the insurance carrier and the cost of administering the group sickness and accident plan.

Transportation Fee: A fee which supports a campus and community transportation plan for students. (*Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the fall semester fee at the Division of Campus Parking by no later than 5:00 PM, Sept 26, 2003.*)

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: A refundable fee which supports programming at the Krannert Center for the Performing Arts.

SEAL Fee: A refundable fee which supplements existing financial aid for students with financial need.

SORF: A refundable fee which supports the Student Legal Service, Tenant Union, and registered student organizations.

ISG Fee: A refundable fee which supports the Illinois Student Government Association

Students exempt from KCPA, SEAL, SORF, and ISG fees because they are registered in Credit Ranges III & IV may participate in them by paying a \$22 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 26, 2003. The charge will cover all four fees which may not be purchased separately.

For refund dates on all refundable fees, see "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Sept 23	Payment deadline if registered by 5:00 PM, Sept 12
Sept 15 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a statement which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction (Aug 27), your statement will be mailed to your local address around Sept 2. Payment will be due on Sept 23. If your statement does not

arrive by Sept 8, go to Window 7, 100 Henry Admin. Bldg. and request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR BILL BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT.**

If you late register between Aug 28 and Sept 12, your payment will be due on Tuesday, Sept 23.

If you register Mon, Sept 15 or any day thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Your statement will be mailed to the local address you provide through **U OF I DIRECT**. You may make an online payment at **www.safari.uiuc.edu**, by U.S. mail, registration drop boxes (located in the Illini Union and the Henry Administration Building), or in person at a cashier's window in 100 Henry Administration Building.

Payment Instructions

PAY ONLINE AT www.safari.uiuc.edu or use the special registration drop boxes to return your payment. **DO NOT USE CAMPUS MAILBOXES.**

ALLOW AT LEAST FIVE DAYS for delivery if you remit by U.S. mail.

DO NOT SEND CASH either through the mail or via the drop boxes.

IF PAYING WITH A DEBIT CARD, go to Window A in room 100 Henry Administration Building.

IF YOU MUST PAY IN CASH, pay at a cashier's window in 100 Henry Administration Building.

Where Can I Make Payment? If your payment deadline is Tuesday, Sept 23, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Payments can be made online at **www.safari.uiuc.edu**.

Special registration drop boxes for payment of registration charges will be available until Tuesday, Sept 23, at the following locations:

HENRY ADMINISTRATION BUILDING (east and west entrances)

ILLINI UNION (southwest entrance)

Can I Pay by Installment? An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and Summer Term 1 courses, or to students to whom the privilege has been denied.**

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in October and November.

A one-time deferment charge of 1½ percent of the total amount deferred, or \$5 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What If I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. The 1½ deferment charge will be assessed on the entire amount deferred (or not paid).

A delinquent service charge of 1¾ percent or \$5 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

Special Warnings about Payments. A penalty of \$25 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing

privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

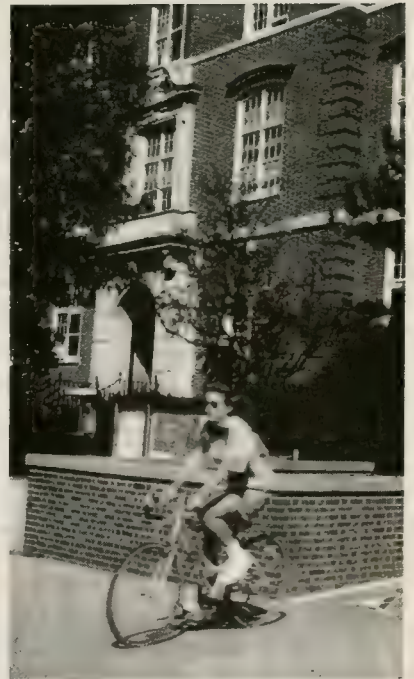

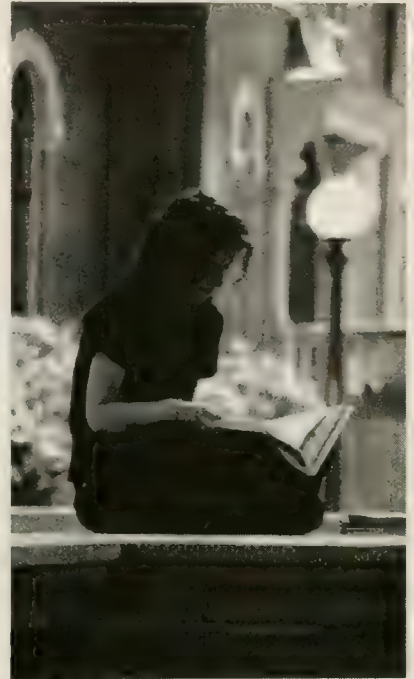

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Taxpayer Relief Act of 1997

Several new tax benefits became available to eligible students and their families with the enactment of the Taxpayer Relief Act of 1997. This legislation grants eligible taxpayers a tax credit for qualified higher education expenses. Two of those credits are the Hope Scholarship Credit and the Lifetime Learning Credit.

The University of Illinois' Web site contains information about the Taxpayer Relief Act including information from the Internal Revenue Service (IRS). For a full explanation of the tax credits, visit www.uoapa.uillinois.edu/TRA.

Important: Please note that only the IRS or a tax professional can provide tax advice on this legislation. Contact one of these resources if you have questions about the law. The University cannot provide tax information or advice.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage by the semester deadline. The fee for the plan is assessed along with other tuition and fees; tuition and fee waivers do not apply to the student insurance fee. Coverage is worldwide and extends, including breaks, from the first day of the semester (Summer 2 is a semester) to the first day of the following semester. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is available at the Student Insurance Office at 807 South Wright, Suite 480, Champaign, IL 61820; (217) 333-0165, or on the Web at www.si.uiuc.edu. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Fall Semester Health Insurance - Enrollment Change Period:

Aug 26–Noon, Sept. 23, Rm 407 Illini Union

All Student Insurance transactions **must** be accomplished by the **Insurance Deadline** either in person or by U. S. Mail to the Student Insurance Office located at 807 S. Wright, Suite 480, postmarked on or before the Insurance Deadline. Visit our Web site at www.si.uiuc.edu to download required forms, or call (217) 333-0165. Requests made by any other means will be invalid and will result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

DEPENDENT COVERAGE: If you are enrolled in the Student Insurance Plan, you can apply for Dependent coverage for your spouse and child/children. Rates depend on class status. Dependent coverage must be purchased each semester during the Enrollment/Change Period. Forms can be obtained in person at 807 S. Wright, Suite 480, or by downloading them from our Web site at: www.si.uiuc.edu. Premium is required at time of application. We accept payment by Visa, MasterCard, Discover and/or check and cash. ID is also required.

Dependents insured the prior semester will have no lapse in coverage provided the application and premium are received during the enrollment change period.

Dependents acquired (marriage, birth, entry into U.S.) after the above enrollment period

may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage Extensions beyond Last Semester Enrolled and Insured

INSURANCE COVERAGE ends on the beginning date of the next semester; however, it can be extended for the next school period if an Extension is purchased by the semester deadline. For example, if you were a student and insured for Spring and will not be a student in the Summer Term 2, coverage will not continue through Summer Term 2 unless you elect to purchase a Summer 2 Extension.

EXTENSIONS for fall semester may be purchased beginning July 15, 2003, at the Student Insurance Office or in Rm. 407 Illini Union, from Aug 26, through Sept. 23, 2003.

THE PREMIUM is payable at time of application.

Exemption from Health Insurance Fee

PETITIONS for exemption must be completed in person or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480, during the Enrollment Change Period identified above. See our Web site at www.si.uiuc.edu to download necessary forms. Application and Proof of other equivalent insurance must be provided.

EQUIVALENT INSURANCE means the health insurance plan you are using to exempt yourself from the Student Insurance fee, must have a minimum of \$150,000.00 coverage per injury or illness, and it must cover expenses (at least 80/20 of Usual/Customary fee or actual charge, whichever is less, for both inpatient and outpatient expenses with a plan year maximum deductible of \$500.00. This plan must be in effect prior to the first day of coverage of the Student Insurance Plan in the semester the exemption is being requested and stay in force while the student is in an exempt status.

AN EXEMPTION will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health

insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.

Reinstatement

Students exempt from the plan who want to be reinstated to the Plan, can apply in one of two ways.

(1) CHANGE OF STATUS REINSTATEMENT
Students may apply by providing proof of loss of other insurance; i.e., notice of termination of insurance from the insurance company or employer, within 45 days of such loss of other insurance. Enrollment is guaranteed with coverage effective on the date of application or date of termination of other insurance whichever is later. Application must be made in person at the Student Insurance Office. The fee will be billed to you on your student account.

(2) OPEN ENROLLMENT REINSTATEMENT
Students requesting reinstatement more than 45 days after the loss of other insurance, or if no loss of other insurance has occurred, must apply during the Enrollment/Change Period. This is the only time during the Summer Two Session a student can reinstate by Open Enrollment. A 12 month pre-existing condition clause will be in effect. Coverage is effective on the date of application. The fee will be billed to you on your student account.

A full semester premium is required regardless of effective date.

Graduate Student Dental and Vision Assistance Plan

Graduate assistants and fellows who have tuition waivers accompanying their appointments in the fall term will be automatically enrolled for 12 months without charge in the dental and vision plan upon the completion of their appointment papers. All other graduate students, as well as dependents of graduate students and assistants, will be able to enroll in the same basic dental and vision program by completing the necessary enrollment form and paying the annual premium. The fall enrollment period is the same as that for student health insurance, August 26, 2003 - September 23, 2003. Enrollment for the dental and vision plan can be done in room 407 of the Illini Union during this period. A brochure describing the Graduate Student Dental Plan and the Vision Service Plan is available from the Student Insurance Office.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g., from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Friday, Sept 12, 2003. No refund is available thereafter.

In the case of extenuating circumstances, such as medically documented serious illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline. (See Withdrawal From the University)

Refund Deadlines

You may be released from your obligation to pay **all** tuition and fees by canceling your registration by 5:00 PM, Aug 27, 2003.

You may be released from your obligation to pay **part** of the tuition and fees by:

REDUCING your program by 5:00 PM, Friday, Sept 12, 2003.

WITHDRAWING from the University by 5:00 PM, Friday, Nov 7, 2003.

Refunds of Special Fees (subject to change)

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate. This refund is available September 29 - October 3.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available October 6 - October 10.

ISG. A refund of ISG is available to those who do not desire to participate. This refund is available October 6- October 10.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available October 13 - October 17.

Flight Training Fee. If you withdraw from a flight-training or glider course you will receive a refund of the unused portion of the flight-training, glider, or aviation course fees, upon recommendation of the Institute of Aviation.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

ONLINE by using **U OF I DIRECT**, no later than 5:00 PM on the first day of instruction of the term you wish to cancel.

By SUBMITTING a request for cancellation of registration to the Office of Admissions and Records. The request must be received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801.

IN PERSON at the Records Service Center, 901 W. Illinois Street, by 5:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a withdrawal form available from the office of the dean of your college or graduate department.

To obtain a partial refund of fall semester registration charges, you must deposit a completed withdrawal form at the Records Service Center, 901 W. Illinois Street, no later than 5:00 PM, Friday, November 7, 2003. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at the Records Service Center, 901 W. Illinois Street.

If you officially withdraw within the refund period, you will receive a pro-rata refund based upon the date on the withdrawal clearance form.

Withdrawal effective date:	Percent of assessed tuition and refundable fees refunded:
Aug 27, 2003	100 percent (cancellation)
Sept 12, 2003	90 percent
Sept 19, 2003	80 percent
Oct 3, 2003	70 percent
Oct 17, 2003	60 percent
Oct 24, 2003	50 percent
Nov 7, 2003	40 percent

Assessed tuition, the service fee, the general fee, and the transportation fee are refunded on a pro-rata basis, less a pro-rata administrative fee of 5% of the assessed amount or \$100, whichever is less. The health insurance and health services fees are not refundable.

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, the amount owed will be deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 2).

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the **U OF I DIRECT** screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students enrolled. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen, and in the *Timetable* listed in the World Wide Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Discovery courses are listed in the body of the *Timetable*, where you can find the complete information needed to register for the courses, including the call numbers as well as

the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet provided to all new freshmen students when they register during the summer. Course descriptions and faculty bios are also available at <http://www.provost.uiuc.edu/discovery/>.

Registration in the Discovery Program is restricted to first-year students. For a complete list of Discovery Courses, see the separate Discovery booklet, to be distributed at summer orientation.

Campuswide General Education Courses

Courses approved for campus-wide General Education credit are identified throughout the *Timetable* using the abbreviations below:

Comp II = Composition II

W = Western/Comparative Culture(s)

NW = Non-Western Culture(s)

US = US Minority Culture(s)

HP = Historical and Philosophical Perspectives

LA = Literature and the Arts

LS = Life Sciences

PS = Physical Sciences

QR1 = Quantitative Reasoning I

BS = Behavioral Sciences

SS = Social Sciences

Although all of the courses marked as General Education in the *Timetable* are approved on the campus level, they may not satisfy specific requirements in individual curricula. Therefore, campus-wide approval does not guarantee that a course will satisfy the requirements of a specific college or curriculum. Students in teacher education programs must consult the Council on Teacher Education General Education Course List when selecting their courses to meet General Education requirements. All other students should consult their advisors about selecting the General Education courses which best fit their programs of study.

Please note that some courses are part of a General Education sequence and all courses in the sequence must be taken to receive General Education credit.

For General Education requirements and current course lists, see the General Education Web site at <http://www.provost.uiuc.edu/gened>.

LAS LEARNING COMMUNITIES AT ILLINOIS FOR FIRST-YEAR STUDENTS

For Fall 2003, the College of Liberal Arts and Sciences (LAS) will be offering 64 Learning Communities for first-year students enrolled in the colleges of Liberal Arts and Sciences, Commerce and Business Administration, and Education. Each of the LAS Learning Communities will have 16-18 first-year students who share their experiences in two academic courses and in a one-hour credit seminar (LAS 100). Registration in a Learning Community reserves for first-year students a place in some of the highest demand first-year courses, and each Learning Community will be able to work each week with an upper-class honors student who has training and experience in study methods strategies which can assist the academic efforts of the first-year students. The department note should carry the following notation:

Section ???: First year LAS Learning Communities Program section. Priority registration will be given to Freshman participants in the LAS Learning Communities Program with some seats available for other students. For a listing of LAS Learning Communities, see the front portion of this Timetable.

PREREQUISITE: CHEM 101 OR CHEM 107, OR ADVANCED PLACEMENT CREDIT FOR ONE SEMESTER OF COLLEGE-LEVEL CHEMISTRY.

*STUDENTS MAY NOT RECEIVE CREDIT FOR BOTH CHEM 102 AND 108.

*GEN ED: PS WITH CHEM 106

3 HOURS.

ALL STUDENTS ENROLLED IN CHEM 102 SHOULD ALSO ENROLL IN CHEM 106.

*BIOLOGICAL VERSION - CHEM 102B (SECTIONS 41B-62B, 59) EMPHASIZES BIOLOGICAL EXAMPLES: FOR STUDENTS IN THE LIFE SCIENCES AND RELATED AREAS (CONSULT ADVISOR).

*ENGINEERING VERSION - CHEM 102T (SECTIONS 23T-27T) EMPHASIZES TOPICS APPROPRIATE FOR MOST ENGINEERING CURRICULA.

STUDENTS IN THE COLLEGE OF ENGINEERING MAY NOT DROP CHEMISTRY 102 AFTER THE FIRST DAY OF CLASS WITHOUT A DEAN'S APPROVAL.

SECTION 62B IS A MERIT WORKSHOP. ENROLLMENT IS BY INVITATION ONLY. CALL 244-8279 FOR INFORMATION. CONCURRENT ENROLLMENT FOR 1 HOUR CREDIT IN THE MERIT SECTION OF CHEM 199 IS REQUIRED (SEE CHEM 199).

Prerequisite: Undergraduate background in general chemistry and credit or concurrent enrollment in C&I 303S, or consent of the instructor.

Appropriate for Juniors, Seniors and Graduate Students. This course is intended for undergraduates working toward becoming certified to teach high school chemistry and graduate students working toward a Master's degree in the Teaching of Chemistry. Course aims to provide future teachers with hands-on experience in conducting laboratory experiments, demonstrations and teaching strategies appropriate for the high school level. In addition, future teachers will consider pedagogical issues including recent literature dealing with students' conceptions in chemistry. Course does not count toward the eleven hours of 300-level chemistry required in the specialized curriculum nor does it apply to coursework required for a Ph.D. in Chemistry. Please contact D. DeCoste at d-decos@uiuc.edu. 3 hours or 0.75 unit.

Students should attend CS 100 beginning on October 14, 2003. For engineering students, this is immediately after the end of ENG. 100. Students may take the 4:00 section of ENG 100 as well as C S 100, since C S 100 begins after ENG 100 ends.

C S 100 should be taken by all freshman Computer Science majors in the Engineering College, and by all freshman Mathematics-Computer Science and Statistics-Computer Science majors in the LAS College. It may be taken by other students who are interested in Computer Science careers. Students other than those in the Engineering College, and those in LAS Math-CS and Stat-CS, must be authorized in Room 2270 DCL to register for this course. Authorization MUST be requested IN PERSON. Authorization will be given on a space-available basis.

PREREQUISITE: C S 225 AND JUNIOR STANDING.

*STUDENTS MAY NOT RECEIVE CREDIT FOR THIS COURSE AND ECE 216.

2 HOURS.

THE COURSE CONCENTRATES ON THE THEORY AND PRACTICE OF COMPUTER AND INFORMATION ETHICS. IT COVERS THE BASICS OF ETHICAL DECISION-MAKING, AND EMPHASIZES GROUP WORK AND PRESENTATIONS. TOPICS STUDIED IN THE COURSE INCLUDE RISK AND RELIABILITY, PRIVACY, INFOWAR, CRIME, ACCESS, BUSINESS ETHICS, COPYRIGHT, PATENTS, AND MORE. STUDENTS WILL WRITE SHORT SUMMARIES OF THEIR READING, WRITE THREE SHORT PAPERS, RESPOND TO DISCUSSIONS IN CLASS, AND PRESENT TOPICS.

ATTENDANCE IS IMPORTANT.

4 HOURS.

The prerequisite of C S 125, as well as either C S 173 or Math 213, is strongly recommended for all students. C S 110C without C S 125 is not sufficient background for C S 225.

This course is intended primarily for Computer Science, Computer Engineering, and Electrical Engineering majors and Computer Science minors. Other students should consider C S 300.

Graduate students may not schedule C S 225.

Undergraduate students other than Computer Science, Computer Engineering, and Electrical Engineering majors may not schedule C S 225 until April 29, 2003.

Students who take C S 225 in Fall 1998 or later may not also receive credit in C S 223 or C S 110 C or CP.

Computer programming assignments will be written in C++, which will be taught in this course.

Register for the LECTURE section and one LAB-DISC section.

For honors credit in this course, see C S 296 section &25.

EDUCATIONAL PRACTICE

DEPARTMENT OFFICE 130 EDUCATION BUILDING
DEPARTMENT PHONE (217) 333-2804

ADMISSION TO EDUCATIONAL PRACTICE (STUDENT TEACHING) IS LIMITED
TO THOSE STUDENTS WHO ARE IN GOOD STANDING IN A TEACHER EDUCATION
CURRICULUM APPROVED BY THE COUNCIL ON TEACHER EDUCATION.

ELIGIBILITY REQUIREMENTS FOR STUDENT TEACHING AND FOR RECEIVING A
UNIVERSITY OF ILLINOIS RECOMMENDATION FOR CERTIFICATION ARE
DESCRIBED IN THE COUNCIL ON TEACHER EDUCATION SECTION OF THE
PROGRAMS OF STUDY CATALOG. CANDIDATES FOR UNIVERSITY OF ILLINOIS
TEACHER EDUCATION DEGREES MUST COMPLETE EDUCATIONAL PRACTICE AS
PART OF THE PROFESSIONAL SEMESTER WHICH IS GENERALLY TAKEN IN THE
FALL OR SPRING SEMESTER OF THE CANDIDATE'S SENIOR YEAR. FEW
PROGRAMS OFFER STUDENT TEACHING DURING SUMMER SEMESTER. FOR THOSE
THAT DO, APPLICATION SHOULD BE MADE DURING THE MONTH OF APRIL.
APPLICATION FORMS MAY BE OBTAINED FROM DEPARTMENTAL OFFICES.
ELIGIBILITY INCLUDES HAVING A 2.5 CUMULATIVE AND UNIVERSITY GPA
AND COMPLETION OF 100 CLOCK HOURS OF EARLY FIELD EXPERIENCES.

APPROXIMATELY ONE YEAR PRIOR TO THE SCHOOL YEAR IN WHICH THEY EXPECT
TO ENROLL IN STUDENT TEACHING, STUDENTS MUST ATTEND AN INFORMATIONAL
MEETING WHERE THEY WILL RECEIVE AN APPLICATION TO APPLY FOR A
TENTATIVE STUDENT TEACHING ASSIGNMENT IN THE ILLINOIS PUBLIC
SCHOOLS. THESE APPLICATIONS MUST BE COMPLETED AND PROCESSED
PROMPTLY THROUGH THE APPROPRIATE DEPARTMENT. ALL STUDENT
TEACHING APPLICATIONS MUST BE RECEIVED NO LATER THAN THE SECOND
FRIDAY IN DECEMBER DURING THE YEAR PRIOR TO THE SCHOOL YEAR IN
WHICH A STUDENT EXPECTS TO STUDENT TEACH. STUDENTS WHOSE
APPLICATIONS ARE APPROVED WILL ENROLL FOR THE FOLLOWING SCHOOL
YEAR. STUDENTS MAY NOT STUDENT TEACH IN THE HIGH SCHOOL FROM
WHICH THEY GRADUATED.

This course will cover the following topics and will have accompanying lab demonstrations and experimental setups for hands-on direct learning experiences for the students: the physics of sound (propagation of sound waves), the physics of hearing (psycho-acoustics), the physics of music (all musical styles, and music in the natural world -- living organisms and physical processes), the physics of musical instruments (brass, wind, strings percussion, song, electronic, computer and beyond). A first year Discovery Program course: enrollment restricted to freshmen. Students should enroll in only one Discovery course. Students who enroll in more than one Discovery course may be dropped from the additional Discovery courses. BEHAVIOR OF COMPLEX SYSTEMS: CHAOS, FRACTALS, AND ARTIFICIAL LIFE. The behavior of complicated systems with many parts will be explored with hands-on computer simulations and lab experiments. Students will experiment with lightning, turbulence, explosions, and human rhythms and use simple computer models to imitate their irregular and symmetric patterns and dynamics and will develop an intuition as to why isolated complex systems prefer harmony and symmetry whereas competing complex systems prefer chaos. Applications in business, engineering, and social sciences will be discussed.

This course is the honors supplement to PHYSICS 111 and is intended for those students intending to major in physics or who have a strong interest in the subject. Areas to be addressed include rotational and central force motion, non-inertial frames, non-linear systems and post-Newtonian mechanics. The use of simple visualization tools such as Mathematica and Excel will be encouraged.

PHYS 199HO**HONORS SEMINAR: TOPICS IN ELECTRICITY AND MAGNETISM.**

PREREQUISITES: PHYSICS 111, CONCURRENT REGISTRATION IN PHYSICS 112, AND CONSENT OF INSTRUCTOR.

*PHYSICS 199HO CAN BE USED TO SATISFY THE HONORS COMPONENT OF

PHYSICS 112.

Students investigate special topics in electricity and magnetism. Through weekly meetings (similar in format to the discussion sections of Physics 111 and 112), students will derive for themselves some of the surprising features of our post-classical physical world. For example, the need for special relativity, the existence of magnetic fields, and the origin of electromagnetic radiation are consequences of simple observations such as the constancy of the speed of light. Other topics will include the nature of Gauss' law and Maxwell's equations, potentials and superposition, amplifiers, analog computers, and the role of quantum mechanics in electrodynamics.

PHYSICS 199HO is intended for students who have been comfortable with the level of difficulty of PHYSICS 111, and whose math skills are fairly strong. It allows students to confront in greater depth some of the most interesting intellectual issues in classical electrodynamics. The course will use calculus as a problem-solving tool.

PHYSICS 199HT is the honors supplement to PHYSICS 113/114 and is intended for those students either planning to major/minor in physics or having a strong interest in the subject. Areas to be covered during PHYSICS 113 include diffusion and heat conduction, the Maxwell-Boltzmann distribution and the ideal gas, the Planck distribution and radiation, free energy and the chemical

OPTICAL SPECTROSCOPY.

PHYS 3980P is a course for students wishing to acquire a more
detailed molecular description of the interaction of radiation with
molecular matter and molecular fluorescence. Both quantitative
theory and experiments will be covered. The description of the
experimental situations and data analysis for obtaining molecular
information will be based on a solid theoretical setting that forms
the framework for the course. The emphasis will be on biophysical
experimental situations, using fluorescence and absorption
measurements, stressing optical spectroscopic transitions involving
molecular electronic and vibrational transitions. The basic
interaction of the E&M field with the molecules will be covered
mainly from a semi-classical point of view. The course will
contain a laboratory section. Practical spectroscopy examples will
demonstrate how to measure and interpret molecular properties from
optical spectroscopy experiments. The course should be of interest
to students with a broad range of backgrounds.

Prerequisites: undergraduate courses in quantum mechanics and
statistical mechanics, or consent of instructor.

GRADUATE PHYSICS ORIENTATION: RESEARCH AND TEACHING IN THE PHYSICS DEPARTMENT.
This course is required for all new physics graduate students. It includes advice on choosing a field of research and finding a research advisor. Current graduate students will relate their experiences and advice; faculty will present overviews on the major areas of research in the Department. Physics staff will explain our computing facilities, the physics and astronomy library, and other facilities. There will be general discussions on research and instructional topics as well as ethics in teaching and research.

MATHEMATICAL METHODS IN PHYSICS.
Replaces PHYS 411/412.
Focuses on core techniques widely used in the physical sciences. Emphasis is on applications, and a broad range of illustrative examples will be explored. Primary topics include: calculus of variations and its applications; partial differential equations of mathematical physics (including classification and boundary conditions); separation of variables, series solutions of ordinary differential equations and Sturm-Liouville eigenproblems; Legendre polynomials, spherical harmonics, Bessel functions and their applications; normal mode eigenproblems (including the wave and diffusion equations); inhomogeneous ordinary differential equations (including variation of parameters and Green functions); inhomogeneous partial differential equations and Green functions; potential theory; and integral equations (including Fredholm theory). Will continue in spring semester PHYS 498MMB with complex variables, group theory, and other topics.

Satisfies the physics graduate program "cafeteria" requirement. This course will survey astrophysical phenomena and processes relevant to the evolution of the universe and structures in it, from the formation of stars and galaxies at the earliest times to the final end states of matter as compact objects. The emphasis will be on developing an understanding based on the underlying physics. Exciting recent developments will be described. Specific topics will include big bang cosmology and the cosmic microwave background radiation; formation, interaction, and evolution of galaxies; formation, structure, and evolution of stars; dynamics of stellar systems; white dwarfs, supernovae, neutron stars, and black holes; physics of accretion disks; the fate of the universe. Topics of special current interest will include cosmological inflation, dark matter in the universe, powerful gamma-ray bursts, feeding of quasars, generation of radio and X-ray emission by supermassive black holes, gravitational lensing, sources of gravitational radiation, and the solar neutrino problem. Course work will consist of weekly homework problems, a mid-term exam, and a final exam. The course will be based on lecture notes and readings, and will be taught at the level of the Astrophysics I and II texts by Bowers and Deeming.

NON-EQUILIBRIUM STATISTICAL MECHANICS.
This course will provide an introduction to the mathematical description of classical and quantum stochastic systems with examples from biophysics and condensed matter physics. Some of the major topics discussed in the course include: Classical Dynamics under the influence of Stochastic Forces, Einstein and Smoluchowski Diffusion Equation, Noise-induced Limit Cycles, Diffusion-Controlled Reactions, Observables Connected with Brownian Transport, Generalized Moment Expansion of Correlation Functions, Time Series Analysis, Echoes and Hysteresis, Spin-Boson Model. Some basic knowledge of quantum mechanics and equilibrium statistical physics will be useful, but there are no formal prerequisites. Lecture notes will be available in electronic form on the web site of the course. There will be homework assignments and a term project.

SUPERCONDUCTIVITY, ANCIENT AND MODERN.
Part I of this course is devoted to "classical" superconductivity and its explanation in terms of the BCS theory; it focuses on the basic nature of the superconducting state and its microscopic properties. (0.5 UNITS)
Part II covers the various classes of superconductors which do not appear to fit well into the BCS scheme: heavy-fermion systems, fullerenes, organics, ruthenates and above all the cuprate (high-temperature) superconductors. In the case of the last, as well as describing the experimental properties I will attempt to survey some of the principal themes in current theoretical work, without committing myself to any specific model. (0.5 UNITS)
Parts I and II form modules which can, if desired, be taken individually (though part II alone is recommended only for students with substantial previous exposure to the theory of superconductivity). Register for I or for II or for both I and II.

COMPUTATIONAL QUANTUM MECHANICS.
This course will introduce numerical methods and computational algorithms to study one-particle and many-particle quantum mechanical systems. Examples will be taken from different areas of physics, with emphasis on atomic, molecular and solid state systems. Numerical methods will include solution of ordinary and partial differential equations, eigenvalue problems, matrix operations, solution of non-linear functional equations, iterative methods, and Monte Carlo sampling. Homework will involve derivations of important steps in numerical algorithms, understanding of ideas in quantum mechanics, writing computer programs, and calculations with existing codes. An integral part of the course will be a student project with a term paper and a

THE FINAL examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Wednesday, December 17. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 1:30 to 4:30 PM on Friday, December 19.

IN A COURSE having a combination of lecture and discussion and/or laboratory periods, the first *lecture* hour of the week is considered the first contact of the week for purposes of determining examination time. Call 244-0228 with questions about this.

FOR A COURSE not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an arranged examination is to be given within the established examinations schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

ANY COLLEGE of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office of Facility Management and Scheduling will make room assignments for such courses.

Fall Semester 2003 Noncombined Final Examination Schedule

December 15 Through December 20, 2003¹

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

HAS POLLED the class to determine that an alternative date is desired by a majority of the class members, and

ALSO OFFERS the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,

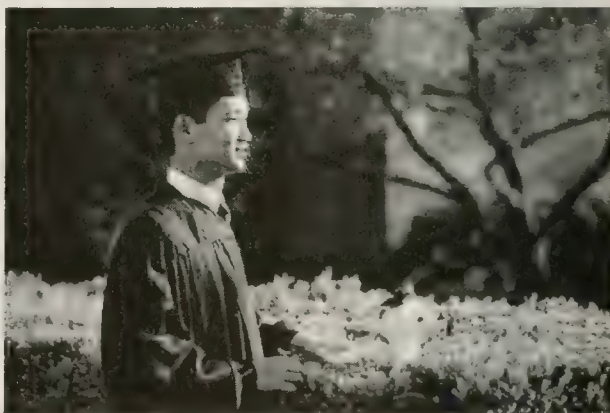

HAS CONTACTED the Office of Facility Management and Scheduling (244-0228) and has assurance that space is available in which to give the examination at an alternate time, if approved. The Office Facility Management and Scheduling will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

The 6-year graduation rate for students who entered school in the Fall of 1995 is 77.7%. This number is provided by the Office for Academic Policy Analysis. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 E. John, Champaign, IL 61820.

¹An examination for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinations follow the schedule shown on page 31. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office of Facility Management and Scheduling, 333-1230.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Normally in a semester several combined-section, conflict, and noncombined examinations are given at the same time. As a guide to resolving conflicts, an order of priority has been established within each examination period, and a student should resolve a conflict using the published examination schedules and the following priority guidelines.

- 1) National and state professional examinations (e.g., CPA, actuarial science, Architect Registration Examination) take priority over campus final examinations. An instructor must offer a conflict examination to a student scheduled to take national or state professional examination and a campus final examination at the same time.
- 2) A noncombined examination has precedence over combined-sections and conflict examinations.
- 3) Combined-sections examinations have precedence over conflict examinations.

A department offering a combined-sections final examination must provide a conflict examination if required to accommodate student conflicts.

A detailed combined-sections and conflict final examination schedule will be made available to departments on the Web.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of that second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (December 12)*:

YOU MUST investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)

IF A CONFLICT examination has been scheduled for any of the courses, you must take one or more of these conflict examinations. If conflict examinations are offered for more than one course, the student must take the conflict for the course that has the largest number of students.

IF NO CONFLICT examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **must** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code of Policies and Regulations Applying to All Students*, which is available on the Web (http://www.uiuc.edu/admin_manual/code).

Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web at www.uiuc.edu/timetable and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- IMPOSE ENROLLMENT requirements and prerequisites,
- REASSIGN STUDENTS to other sections in a course,
- WITHDRAW STUDENTS from certain courses or sections after enrollment,
- CANCEL COURSE offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

How to Use the World Wide Web Timetable

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

TIMELINESS: including a real-time enrollment status for each section.

CROSS-REFERENCED INFORMATION: Every course is linked to more complete course descriptions found in the online Course catalog.

HELPFUL INFORMATION: Supplemental information is available, e.g., links to a campus map showing class locations.

YOU CAN SEARCH it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Internet Explorer. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

www.uiuc.edu/timetable

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CITES locations, including computer sites across campus and the CITES Help Desk (1420 DCL, 244-7000). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants at the CITES Help Desk can also help you learn about WWW browsers.

The WWW browsers are available on all CITES computers, so you may view the WWW *Timetable* at any CITES lab.

Notice to Commencement Participants

Graduates participating in a campuswide Commencement ceremony (as well as most unit Convocation ceremonies) are required to wear appropriate academic attire. Candidates from all colleges may order caps and gowns in the Author's Corner of the Illini Union Bookstore at any one of the following times:

Wednesday, April 7	10:00 AM - 3:00 PM
Tuesday, April 13	10:00 AM - 3:00 PM
Monday, April 26	10:00 AM - 3:00 PM

Additional opportunities to order regalia will be available via the Web. You are strongly advised to order a cap and gown if there is even a slight possibility of participating in a graduation ceremony. Rental fees are assessed only if the attire is picked up during the cap and gown distribution period. **You must order your cap and gown by April 26.** Campuswide Commencement guest tickets will be issued when ordering cap and gown at the Illini Union Bookstore or may be picked up at the Illini Union Campus Information Desk or at the Assembly Hall Ticket Office. Doctoral candidates will receive their tickets from the Graduate College. Tickets are not required for participants.

General Information

Addresses and Phone Numbers are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on U of I DIRECT:

U of I DIRECT:

LOCAL ADDRESS (for mail sent during the term; this address is automatically updated for students living in University residence halls)

PERMANENT ADDRESS (for mail sent between terms)

EMERGENCY ADDRESS

You may also update your telephone information on U of I DIRECT. The University phone operators' listings, the Student/Staff Directory, and your entry to the online phone book will include the phone number listed in U of I DIRECT.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 60 through 68 in the August 2002 *Code of Policies and Regulations Applying to All Students*. (The *Code* is available on the Web at www.uiuc.edu/admin_manual/code.)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a

term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study
- Class level
- Dates of attendance
- Full- or part-time status
- Institutions previously attended
- Degrees, honors, and certificates received or anticipated
- Eligibility for membership in registered University honoraries
- Participation in officially recognized activities and sports

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follows: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered

at the University. The ID card remains the property of the University, and any holder who alters or intentionally mutilates a University ID card (including but not limited to punching holes in the card, applying stickers, etc.), who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of \$20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, recreational facility supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or if the ID card has been reported as lost, stolen, or replaced.

If you cannot find your ID card, go to the Campus ID Center immediately and complete a Lost/Stolen Property Report.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204 Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Nondiscrimination Statement

The commitment of the University at the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

It is the policy of the University of Illinois not to engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, disability, sexual orientation, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, and access to and treatment in the University programs and activities. Complaints of invidious discrimination prohibited by University policy are to be resolved within existing University procedures.

For additional information on the equal opportunity, affirmative action, and harassment policies of the University, or information on Title IX, ADA, or 504, please contact: for the Urbana-Champaign campus: Associate Chancellor William Trent, Third Floor East, Swanlund Administration Building, MC-304, 601 East John Street, Champaign, IL 61820, 333-4238; or Director Larine Cowan, First Floor West, Swanlund Administration Building (MC-304), 601 East John Street, Champaign, Illinois 61820; 333-0885.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street, and who wish to request accommodations for any or all of the classes in which they are registering should contact the coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited by law from enrolling in that or any subsequent term.

Health and Safety

Important information about alcohol and other drugs and about campus safety is available at www.uiuc.edu/safety/report/.

In compliance with federal law, this information describes campus policies and resources to help you manage your health and safety.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum.

More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	Undergraduates	Graduate
Fall/Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall/Spring Semesters	6–11.5 hours	1.5–2.75 units
Class Level:		
Freshmen	0–29.9 hours	
Sophomores	30–59.9 hours	
Juniors	60–89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Intercampus Enrollment Program

The Intercampus Enrollment program is intended to allow students at one campus of the University the opportunity to take advantage of opportunities unique to another campus of the University without having to transfer. It is not designed to replace concurrent enrollment or transfer. The program also provides for summer enrollment at another University campus should financial aid be required. For complete information see the Web site at www.uoapa.uillinois.edu/intercamp/intercampus.html.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

A student who graduates or withdraws from the University and has an outstanding loan from the University of Illinois will not be issued a transcript until he/she has completed an exit interview with the Office of Student Accounts and Cashiers, 162 Henry Administration Building.

The charge for an official transcript is \$5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is \$4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is \$2 per copy.

Transcripts may not be ordered by telephone. They must be ordered using the World Wide Web at www.oar.uiuc.edu/records/transcript.html, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 901 W. Illinois Street, Urbana, IL 61801. A check or money order made payable to University of Illinois must accompany the order. Payment may also be made using Visa, MasterCard, or Discover Card.

Welcome to U of I DIRECT Registration

When you use your Network ID and password to access U of I DIRECT from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to U of I DIRECT registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto U of I DIRECT.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy.

Through U of I DIRECT you can:

- REGISTER and add/drop classes
- UPDATE your address and telephone information
- PROVIDE information on appointment/graduation status
- OBTAIN a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the U of I DIRECT system to register in one of these classes.

The U of I DIRECT system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to U of I DIRECT to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can

avoid having your course registration cancelled by resolving encumbrances.

Assistance using U of I DIRECT will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 5:00 PM, Monday through Friday. If you need information or assistance using U of I DIRECT, contact: registration@oar.uiuc.edu or call 333-6565.

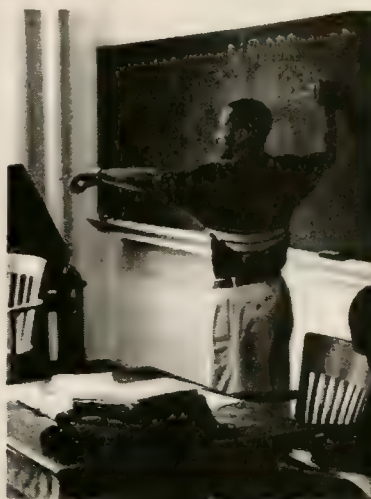

Student Responsibility

YOU ARE RESPONSIBLE for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.

U of I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.

Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law. Access to U of I DIRECT will be terminated if you are found to be making excessive unsuccessful registration attempts.

AS AN ENROLLED STUDENT, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (www.uiuc.edu/admin_manual/code).

NOTICE

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See www.oar.uiuc.edu/current/ferpa.html (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 6 of this document for additional information concerning educational records.

Registration Procedures

Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access U of I DIRECT registration for the term. You will be informed of your Registration Time in your Invitation to Register, available at www.oar.uiuc.edu/current/grades.html. Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

Eligibility to Register

In general, students currently enrolled in Illinois degree programs can register early for the 2004 spring semester. You may **not** register early if you are:

- A part-time nondegree student.
- A student who will graduate before the spring semester begins, unless you have been admitted to an Illinois graduate, professional, or second baccalaureate degree for spring semester 2004.
- A student newly admitted to a University degree program. Information about your initial registration procedures will be included in your Notice of Admission.

Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U of I DIRECT to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U of I DIRECT. For additional information on the advising hold, please contact your college office.

Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access U of I DIRECT. An encumbrance will not prohibit you from participating in early registration. You can continue to use the system to make course changes

until approximately three weeks prior to the beginning of the term.

All encumbered students will be blocked from access to the U of I DIRECT registration sequence approximately three weeks prior to the beginning of the term. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

"Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U of I DIRECT.

Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms

Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours

Summer Term 1

Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours

Summer Term 2

Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U of I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours, for graduate students, 3 or more units.

During the fall and spring semesters, full-time undergraduate and professional students will not be permitted to reduce their credit load below 12 hours after the first day of instruction. College approval is required to carry a load of fewer than 12 hours.

Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on **U of I DIRECT**. Should you wish to elect this option, please consult your college office or graduate department.

Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

TWO WEEKS PRIOR to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.

ONE WEEK PRIOR to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section on page 22 for deadline dates and instructions.

U of I DIRECT Network ID and Password

To access **U of I DIRECT**, you will use your Network ID (NetID) and NetID password. **All UIUC students are assigned a NetID and NetID password when they are admitted to the University.**

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your NetID and NetID password. NEVER tell anyone your password. NEVER let anyone use your NetID and NetID password. The importance of your password is much like that of a bank card PIN—ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your NetID and you must change your password once a year.

You may change your NetID password using a secure online Web page at <https://www-s.uiuc.edu/bluestem/kpasswd.cgi>. You may also change your password using a computer at any CITES lab. Staff at these locations can assist you. If you forget your password, go to the CITES Help Desk at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your NetID.

If you have questions or concerns about your NetID and password, contact the CITES Help Desk (1420 DCL, 244-7000). More information about your NetID and NetID password is available at www.cites.uiuc.edu/netid/.

ACADEMIC advising is recommended for all students and is required in many programs.

DISCUSS with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.

COMPLETE the Schedule Planning Form as a guide.

☐ Prepare for Enrollment Restrictions that May Be Placed by Departments

Consent Instructor/Authorization Required:

If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission PRIOR TO registering via U of I DIRECT. Approval to register in AUTHORIZATION ONLY courses is entered into the U of I DIRECT system online by the department offering the course. You, in turn, must register for the course using U of I DIRECT.

Independent Study Courses:

Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor PRIOR TO registering via U of I DIRECT.

Courses with Prerequisites:

Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.

Courses with Restrictions:

Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

☐ Clear Advising Hold and Encumbrances

IF YOU HAVE an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the U of I DIRECT system.

THE ADVISING hold must be cleared online by your college or department before you can register using U of I DIRECT.

AN ENCUMBRANCE should be resolved as soon as possible, but will not block your access to U of I DIRECT registration until approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

☐ Use a Computer on Campus (or via Modem) to Register

WITH THE foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U of I DIRECT. There are multiple points of access to U of I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

CONTINUING students can download the U of I DIRECT software to their own computers and run the application over a modem. See www.cites.uiuc.edu/uidirect/ for more information about downloading and installing this program. This software is not available to incoming students.

☐ Register for a Complete Schedule

YOU ARE advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.

ALTHOUGH additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.

COMPLETE a workable course schedule early, even if every course is not your first choice.

☐ Verify Your Addresses

YOU ARE required to provide a local and a home address. If either is blank, U of I DIRECT will require that you provide the addresses before you will be allowed to add courses.

MAKE CERTAIN that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

☐ Graduate Students: Check Your Appointment

A GRADUATE student with a teaching or research appointment must choose menu option F from the U of I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

☐ If you expect to receive your degree at the end of the term . . .

BE SURE to check menu option E to petition for your degree.

U of I DIRECT Registration Instructions

Logging on to U of I DIRECT

Once at a computer on campus that has the **U of I DIRECT** registration software, use the following instructions to access the system. Carefully follow the provided instructions that explain the necessary way to exit the system. Failure to do so may compromise your password.

From a Macintosh on Campus

To log on:

DOUBLE click on the icon entitled "**U of I DIRECT** Registration". The location of this program will vary depending upon which computer you use. In the CITES public labs, the **U of I DIRECT** registration program can be found in **MAC_APPS:NETWORK SERVICES:U of I DIRECT**. **ALTERNATIVELY, YOU CAN CLICK ON THE U of I DIRECT BUTTON ON THE LOG IN SCREEN ON A LABORATORY MACINTOSH.**

A dialog box will prompt you to "Please enter your Network ID and password."

PRESS the <Tab> key until the Network ID field is highlighted.

TYPE in your Network ID.

PRESS the <Tab> key. The password field should be highlighted.

TYPE in your password.

PRESS <Return>. After a brief delay, you will see a message that says "Welcome to the **U of I DIRECT** System."

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Return>.

FROM the exit screen, choose "X" to exit the **U of I DIRECT** system and press <Return>.

ONCE you have chosen "X" to exit and pressed <Return>, the window should disappear, indicating that you have successfully exited the system.

From a PC on Campus

To log on:

RUN the **U of I DIRECT** registration program. The location of this program will vary depending upon which computer you use. In the CITES public labs, the **U of I DIRECT** registration program can be found on the menu under "Network Services."

DOUBLE-CLICK on the icon entitled "**U of I DIRECT** Registration."

WHEN prompted at the "Enter your Network ID:", type in your Net ID at the prompt and press <Enter>.

NEXT the program will prompt you for your "Password." Type in your Net ID password and press <Enter>. After a brief delay, you will see a message that says "Welcome to the **U of I DIRECT** System." (If this message does not display, you may have typed your Network ID or password incorrectly. Run the program again and try retyping your Network ID and password).

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Enter>.

FROM the exit screen, choose "X" to exit the **U of I DIRECT** system and press <Enter>.

ONCE you have chosen "X" to exit and pressed <Enter> from the exit screen, you will see some messages including "Tickets destroyed". You have successfully exited the **U of I DIRECT** system. If you are at a CITES lab, remember to log off from the machine, also.

Dial-up Access via Modem

If you have the necessary equipment (modem and a computer) **AND** you are a continuing student, you can install the **U of I DIRECT** software on your computer. See www.cites.uiuc.edu/uidirect/ for directions.

If you have difficulty accessing **U of I DIRECT** with a modem, information and assistance is available from the CITES Help Desk (1420 DCL, phone 244-7000).

IMPORTANT NOTICE

Access to U of I Direct will be terminated if you are found to be making excessive unsuccessful registration attempts. The department office should be consulted if you need assistance in adding a particular course.

Part-Time, Late, and Visitor Registration

Part-Time Nondegree Registration

If you are a part-time nondegree student, you may register between Jan 23 and Jan 30. To register, follow the instructions for late registration. Part-time nondegree students who register on these dates will not be charged the late registration fine.

Late Registration

CONDUCTED VIA **U OF I DIRECT** from Jan 23 until Jan 30. To complete late registration during this time period, follow the prior instructions in the *Timetable* beginning at "U OF I DIRECT Registration Checklist."

Students registering after Jan 30 lose the privilege of using U OF I DIRECT. Beginning Feb 2, after you have met with your adviser and secured any required course approvals and clearances, bring your completed *Late Registration Form* to the Records Service Center, 901 W. Illinois Street to complete registration.

WARNING: Very late registrants are reported to lenders of student loans as NOT REGISTERED until mid-term.

There is a penalty for registering late. You will be assessed a late registration fine of \$15 (amount subject to change) unless you are registering as a visitor.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

IF YOU ARE a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.

IF YOU ARE a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.

IF YOU HAVE not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.

IF YOU ARE a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to the Records Service Center, 901 W. Illinois Street to complete registration.

Tuition and Fee Assessment

Records Service Center, 901 W. Illinois Street
8:30 AM - 5:00 PM

Tuition and Fees

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are exempt from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III, IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Procedures Applying to All Students*, which is available on the Web (www.uiuc.edu/admin_manual/code).

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music, and the master's of business administration curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at the Records Service Center, 901 W. Illinois Street, registration@oar.uiuc.edu, or by calling 244-3216.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (www.uoapa.uiillinois.edu/residency.html).

To request a change in your residency classification, obtain a petition at the Records Service Center, 901 W. Illinois Street. You must submit the petition by Feb 15 for the Spring Semester. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone 244-3216 for additional information.

Fees and How They Are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed this semester are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, Athletic Facilities, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. (*Students exempt from this fee because they are registered in Credit Ranges III & IV may obtain the services by paying the spring semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 13, 2004.*)

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. (*Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the spring semester fee at the McKinley Health Center Business Office by no later than 5:00 PM, Feb 13, 2004.*)

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. (*Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the spring semester fee at the Division of Campus Parking by no later than 5:00 PM, Feb 13, 2004.*)

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: Refundable; supports productions at the Krannert Center for the Performing Arts.

SEAL Fee: Refundable; assessed students registered on campus to supplement existing financial aid for needy students.

SORF: Refundable; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

Cultural Programming Fee (CP): Refundable; supports cultural programming sponsored by the African American Cultural Program, La Casa Cultural Latina, and the Native American House.

Cleaner Energy Technologies Fee (CET): Nonrefundable; used to purchase cleaner energy technologies for campus including solar, wind, hydrogen and geothermal projects, energy efficiency purchases, and the purchase of renewable energy from non-university producers.

Students exempt from KCPA, SEAL, and SORF fees because they are registered in Credit Ranges III & IV may participate in them by paying a \$22 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 13, 2004. The charge will cover all four fees which may not be purchased separately.

For refund dates on all refundable fees, see the section "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Feb 237	Payment deadline if registered by 5:00 PM, Jan 31
Feb 1 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction (Jan 20), your Statement will be mailed to your local address the first week of

February. Payment will be due on Feb 23. If your statement does not arrive by Feb 11, go to Window 7, 100 Henry Admin. Bldg. and request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS.**

If you late register between Jan 21 and Jan 30, your payment will be due on Friday, Feb 23.

Your registration statement will be mailed to the local address you provide through U OF I DIRECT. You may make payment by U.S. mail, registration drop boxes (located in the Illini Union and the Henry Administration Building), or in person at a cashier's window in 100 Henry Administration Building.

If you register Feb 1 or any day thereafter, Registration Services will provide you with a registration document that must be paid by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Payment Instructions

USE THE special registration drop boxes to return your payment. Do not use campus mailboxes.

ALLOW FIVE DAYS for delivery if you remit by U.S. mail.

DO NOT SEND CASH either through the mail or via the drop boxes.

IF PAYING WITH A DEBIT CARD, go to Window A in room 100 Henry Administration Building.

IF YOU MUST PAY IN CASH, pay at a cashier's window in 100 Henry Administration Building.

Where Can I Make Payment? If your payment deadline is Monday, Feb 23, you may use either U. S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until Monday, Feb 23, at the following locations:

HENRY ADMINISTRATION BUILDING (east and west entrances)

ILLINI UNION (southwest entrance)

Can I Pay by Installment? An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and Summer Term 1 courses, or to students to whom the privilege has been denied.**

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in March and April.

A one-time finance charge of 1 1/2 percent of the total amount deferred, or \$5 (amount subject to change), whichever is greater, is made against accounts being paid under the

installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What If I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. The 1½% deferment charge will be assessed on the entire amount deferred (or not paid).

A delinquent service charge of 1¾% or \$5 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

Special Warnings about Payments. A penalty of \$25 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Taxpayer Relief Act of 1997

Several new tax benefits became available to eligible students and their families with the enactment of the Taxpayer Relief Act of 1997. This legislation grants eligible taxpayers a tax credit for qualified higher education expenses. Two of those credits are the Hope Scholarship Credit and the Lifetime Learning Credit.

The University of Illinois' Web site contains information about the Taxpayer Relief Act including information from the Internal Revenue Service (IRS). For a full explanation of the tax credits, visit the Web Page on the Internet.

www.uoapa.uillinois.edu/TRA

Important: Please note that only the IRS or a tax professional can provide tax advice on this legislation. Contact one of these resources if you have questions about the law. The University cannot provide tax information or advice.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage by the semester deadline. The fee for the plan is assessed along with other tuition and fees; tuition and fee waivers do not apply to the student insurance fee. Coverage is worldwide and extends, including breaks, from the first day of the semester (Summer 2 is a semester) to the first day of the following semester. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is available at the Student Insurance Office at 807 South Wright, Suite 480, Champaign, IL 61820; 333-0165, or on the Web at www.si.uiuc.edu. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Spring Semester Health Insurance

Enrollment Change Period: Jan 20 to Noon, Monday, Feb 23; Student Insurance Office, 807 S. Wright, Suite 480.

All Student Insurance transactions **must** be accomplished by the **Insurance Deadline** either in person or by U. S. Mail to the Student Insurance Office located at 807 S. Wright, Suite 480, postmarked on or before the Insurance Deadline. Visit our Web site at www.si.uiuc.edu to download required forms, or call 333-0165. Requests made by any other means will be invalid and could result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

Dependent coverage must be applied for during the Enrollment/Change Period identified above, either in person, or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480. See our Web site at www.si.uiuc.edu to download necessary forms, or call 333-0165.

Dependent coverage becomes effective on the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased, whichever is later.

Dependents insured the prior semester will have no lapse in coverage provided the application and premium are received during the enrollment change period.

Dependents acquired (marriage, birth, entry into U.S.) after the above enrollment period may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage Extensions beyond Last Semester Enrolled and Insured

Insurance coverage ends on the beginning date of the next semester; however, it can be extended for the next school period if an Extension is purchased by the semester deadline. For example, if you were a student and insured for Spring and will not be a student in the Summer Term 2, coverage will not continue through Summer Term 2 unless you elect to purchase a Summer 2 Extension.

Extensions for spring semester may be purchased beginning Dec 1, 2003 through Feb 23, 2004 at the Student Insurance Office, 807 S. Wright, Suite 480.

The premium is payable at time of application.

Exemption from Health Insurance Fee

Petitions for exemption must be completed in person or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480, during the Enrollment Change Period identified above. See our Web site at www.si.uiuc.edu to download necessary forms, or call 333-0165.

Proof of other equivalent insurance must be provided; acceptable proof can be your insurance identification card, a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage. Other insurance must be in effect by the first day of instruction for the semester exemption is requested. See our Web site for minimum coverage guidelines.

An exemption will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.

Reinstatement Conditions

Change of Status: Apply within 45 days of the loss of other insurance; coverage is guaranteed and will be effective the date of application or date of other coverage termination, whichever is later. Proof of other coverage termination is required.

Open Enrollment: Apply more than 45 days after loss of other insurance or if no loss of other coverage has occurred, by enrolling for Open Reinstatement. This can only be done during the enrollment/change period.

Coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 12 months of coverage.

A full semester premium is required regardless of effective date.

Graduate Student Dental and Vision Assistance Plan

Graduate assistants and fellows who have tuition waivers accompanying their appointments in the spring term will be automatically enrolled for 12 months without charge in the dental and vision plan upon the completion of their appointment papers. All other graduate students, as well as dependents of graduate students and assistants, will be able to enroll in the same basic dental and vision program by completing the necessary enrollment form and paying the annual premium. The spring enrollment period is the same as that for student health insurance, Jan 20, 2004, through noon on Feb 23, 2004. Enrollment for the dental and vision plan can be done at 807 S. Wright, Suite 480 during this period. A brochure describing the Graduate Student Dental Plan and the Vision Service Plan is available from the Student Insurance Office. Please note that coverage dates are different from the Student Insurance Plan.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g., from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Jan 30, 2004. No refund is available thereafter.

In the case of extenuating circumstances, such as medically documented serious illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline. (See Withdrawal From the University)

Refund Deadlines

You may be released from your obligation to pay **all** of spring semester tuition and fees by canceling your registration by 5:00 PM, Jan 20, 2004.

You may be released from your obligation to pay **part** of spring semester tuition and fees by:

REDUCING your program by 5:00 PM, Jan 30, 2004.

WITHDRAWING from the University by April 4, 2004.

Refunds of Special Fees (Subject to change)

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate. This refund is available February 16-20.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available February 23-27.

CP. A refund of CP is available to those who do not desire to participate. This refund is available February 23-27.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available March 1-5.

Flight Training Fee. If you withdraw from a flight-training or glider course you will receive a refund of the unused portion of the flight-training, glider, or aviation course fees, upon recommendation of the Institute of Aviation.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

ONLINE by using **U of I DIRET**, no later than 5:00 PM on the first day of instruction of the term you wish to cancel.

BY SUBMITTING a request for cancellation of registration to the Office of Admissions and Records. The request must be received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801.

IN PERSON at the Records Service Center, 901 W. Illinois Street, by 5:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a withdrawal form available from the office of the dean of your college or graduate department.

To obtain a partial refund of spring semester registration charges, you must deposit a completed withdrawal form at the Records Service Center, 901 W. Illinois Street, no later than 5:00 PM, April 2, 2004. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at the Records Service Center, 901 W. Illinois Street.

If you officially withdraw within the refund period, a **pro-rata refund based upon the effective date on the withdrawal clearance form will be generated. Financial Aid and any other charges owed to the University will be subtracted before a refund check is sent to you.**

Withdrawal effective date:	Percent of assessed tuition and refundable fees refunded:
Jan 20, 2004	100 percent (cancellation)
Jan 30, 2004	90 percent
Feb 6, 2004	80 percent
Feb 20, 2004	70 percent
March 5, 2004	60 percent
March 12, 2004	50 percent
April 2, 2004	40 percent

Assessed tuition, the service fee, the general fee, and the transportation fee are refunded on a pro-rata basis, less a pro-rata administrative fee of 5% of the assessed amount or \$100, whichever is less. The health insurance and health services fees are not refundable. **You will be responsible for paying these fees.**

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, the amount owed will be deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

Course Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 2) and the UI Direct registration system.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable* (see page 30).

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the **U OF I DIRECT** screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students demand. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen, and in the *Timetable* listed on the Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Discovery courses are listed in the body of the *Timetable*, where you can find the complete information needed to register for the courses, including the call numbers as well as

the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet provided to all new freshmen students when they register during the summer. Course descriptions and faculty bios are also available at www.provost.uiuc.edu/discovery/.

Registration in the Discovery Program is restricted to first-year students. For a complete list of Discovery Courses, see the separate Discovery booklet, available in October.

Campuswide General Education Courses

Courses approved for campus-wide General Education credit are identified throughout the *Timetable* using the abbreviations below:

Comp II = Composition II

W = Western/Comparative Culture(s)

NW = Non-Western Culture(s)

US = US Minority Culture(s)

HP = Historical and Philosophical Perspectives

LA = Literature and the Arts

LS = Life Sciences

PS = Physical Sciences

QR1 = Quantitative Reasoning I

BS = Behavioral Sciences

SS = Social Sciences

Although all of the courses marked as General Education in the *Timetable* are approved on the campus level, they may not satisfy specific requirements in individual curricula. Therefore, campus-wide approval does not guarantee that a course will satisfy the requirements of a specific college or curriculum. Students in teacher education programs must consult the Council on Teacher Education General Education Course List when selecting their courses to meet General Education requirements. All other students should consult their advisors about selecting the General Education courses which best fit their programs of study.

Please note that some courses are part of a General Education sequence and all courses in the sequence must be taken to receive General Education credit.

For General Education requirements and current course lists, see the General Education Web site at www.provost.uiuc.edu/gened.

3:00 or 3:30 PM	Tuesday	1:30-4:30 PM, Sat, May 14
4:00 PM or later	Monday	7:00-10:00 PM, Wed, May 12
4:00 PM or later	Tuesday	7:00-10:00 PM, Thu, May 13

THE FINAL examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Saturday, May 8. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 1:30 to 4:30 PM on Tuesday, May 11.

IN A COURSE having a combination of lecture and discussion and/or laboratory periods, the first *lecture* hour of the week is considered the first contact of the week for purposes of determining examination time. Call 244-0228 with questions about this.

FOR A COURSE not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an arranged examination is to be given within the established examinations schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

ANY COLLEGE of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office for Planning and Facility Management will make room assignments for such courses.

Spring Semester 2004 Noncombined Final Examination Schedule

May 7 through May 14, 2004

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

HAS POLLED the class to determine that an alternative date is desired by a majority of the class members, and

ALSO OFFERS the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,

HAS CONTACTED the Office of Facility Management and Scheduling (244-0228) and has assurance that space is available in which to give the examination at an alternate

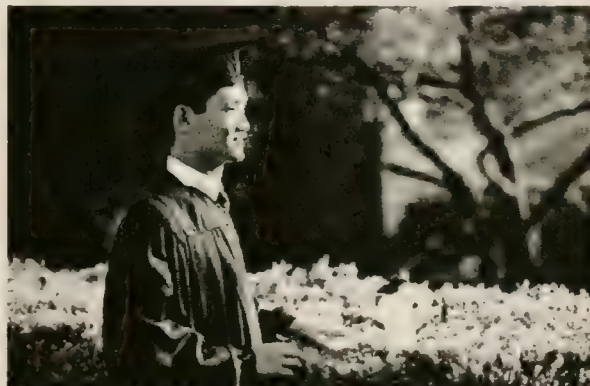

time, if approved. The Office of Facility Management and Scheduling will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

The 6-year graduation rate for beginning freshmen seeking bachelors degrees who entered school in Fall 1996 is 79.9%. This number is provided by University-wide Student Programs. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 E. John, Champaign, IL 61820.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Normally in a semester several combined-section, conflict, and noncombined examinations are given at the same time. As a guide to resolving conflicts, an order of priority has been established within each examination period, and a student should resolve a conflict using the published examination schedules and the following priority guidelines.

- 1) National and state professional examinations (e.g., CPA, actuarial science, Architect Registration Examination) take priority over campus final examinations. An instructor must offer a conflict examination to a student scheduled to take national or state professional examination and a campus final examination at the same time.
- 2) A noncombined examination has precedence over combined-sections and conflict examinations.
- 3) Combined-sections examinations have precedence over conflict examinations.
- 4) A department offering a combined-sections final examination must provide a conflict examination if required to accommodate student conflicts.

A detailed combined-sections and conflict final examination schedule will be made available to departments on the Web.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of that second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (May 5)*:

YOU MUST investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)

IF A CONFLICT examination has been scheduled for any of the courses, you must take one or more of these conflict examinations. If conflict examinations are offered for more than one course, the student must take the conflict for the course that has the largest number of students.

IF NO CONFLICT examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **must** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code of Policies and Regulations Applying to All Students*, which is available on the Web (www.uiuc.edu/admin_manual/code).

Schedule Planning Form

Follow the instructions on the U of I Direct on-line screens to complete the course transactions agreed upon with your adviser. This form is intended to assist you during your U of I Direct on-line registration session. Complete instructions for regular and late registrants are included in the front section of the *Timetable*.

 1 HOUR, OR 0.25 UNIT
 A required course for astronomy majors; open to any astronomy student taking a designated 300-level astronomy course. It is exclusively a scientific writing course. The topic will be chosen by the student from the material covered by the course with which ASTR 301 is taken in conjunction. A student's writing is judged as to adequate and critical coverage of the assigned topic, brevity compatible with clarity, effective presentation of a message or result, proper referencing of published work, bibliography, etc.
 SECTION 1 - COMPOSITION II COURSE MEETING WITH ASTR 314.

 ASTRONOMY 496 NPA: Nuclear and Particle Astrophysics (1 unit)
 We will apply nuclear and particle physics to trace highlights in the history of cosmic matter from the big bang to the present. Planned topics include: Early universe thermodynamics, relic particles, and dark matter. Primordial nucleosynthesis predictions, observations, implications, and connection with the cosmic microwave background. Stellar burning phases and nucleosynthesis. Supernovae and explosive nucleosynthesis. Solar, atmospheric, terrestrial, supernova, and cosmological neutrinos. Neutron capture processes: theory, astrophysical sites, and observations. Cosmic-ray nucleosynthesis and gamma-ray production. Galactic and cosmic chemical evolution. The course is targeted to beginning graduate students, with no nuclear or particle physics prerequisites. The emphasis will be on physical arguments and quantitative estimates to understand observations.

00778 LECT NPA 1-2 MWF 134 ASTRONOMY FIELDS

ASTRONOMY 496 IBS: INTERACTING BINARY STARS (1 unit)
 A survey of the statistics, phenomenology, structure, and evolution of interacting binary stars, and of the physics of mass and energy exchange between component stars (including accretion flows). Included are classical Algol binaries, contact binaries, cataclysmic variables, X-ray binaries, double degenerates, and candidate Type Ia supernova progenitors. Creation and evolution of binaries in dense stellar environments, their dynamical impact on evolution of that environment, and rudiments of triple star evolution

00779 LECT IBS 2-330 TUTH 134 ASTRONOMY WEBBINK

AVIATION

DEPARTMENT OFFICE	U OF I WILLARD AIRPORT
DEPARTMENT PHONE	(217) 244-8601

COURSES OFFERED BY THE INSTITUTE OF AVIATION ARE OPEN TO STUDENTS AND FACULTY IN ALL DEPARTMENTS OF THE UNIVERSITY, SUBJECT TO LIMITATIONS IMPOSED BY THE AVAILABILITY OF SPACE AND EQUIPMENT. CREDIT FOR INSTITUTE OF AVIATION COURSES IS GENERAL UNIVERSITY CREDIT. HOWEVER, ITS USE AS CREDIT TOWARD GRADUATION IS A DECISION MADE BY EACH COLLEGE.

SPRING 2004 FEES FOR INSTITUTE OF AVIATION FLIGHT COURSES ARE AS FOLLOWS:

AVIATION 101: \$2,863	AVIATION 102: \$2,515
AVIATION 120: \$3,703	AVIATION 121: \$1,951
AVIATION 130: \$3,347	AVIATION 140: \$3,540
AVIATION 200: \$4,752	AVIATION 210: \$4,821
AVIATION 220: \$3,135	AVIATION 222: \$1,637
AVIATION 224: \$2,583	AVIATION 280: \$3,886
AVIATION 281: \$954	AVIATION 291: \$3,387
AVIATION 292: \$5,748	AVIATION 293: \$790

PRICES SUBJECT TO CHANGE. THERE IS NO FEE FOR AVIATION 250.

ALL FLIGHT STUDENTS MUST POSSESS A VALID F.A.A. MEDICAL CERTIFICATE ON THE FIRST DAY OF CLASS, EXCEPT FOR AVI 101 STUDENTS WHO MUST MAKE ARRANGEMENTS FOR A MEDICAL EXAMINATION DURING THE FIRST WEEK OF CLASS.

STUDENTS IN AVIATION 210 OR 211 ARE REQUIRED TO POSSESS A CURRENT SECOND-CLASS F.A.A. MEDICAL CERTIFICATE ON THE FIRST DAY OF CLASS. BUS TRANSPORTATION BETWEEN THE CAMPUS AND AIRPORT IS PROVIDED FREE OF CHARGE TO ALL STUDENTS REGISTERED IN AVIATION COURSES THAT MEET 8AM TO 5PM. THE DAILY BUS SCHEDULE, WITH ROUTINGS, IS LISTED SEPARATELY, IMMEDIATELY FOLLOWING THE FLIGHT COURSES. STUDENTS MAY PROVIDE THEIR OWN TRANSPORTATION IF THEY WISH; HOWEVER, THERE IS A CHARGE FOR PARKING. IN EITHER EVENT, ALL STUDENTS REGISTERING FOR AVIATION COURSES SHOULD SELECT THE APPROPRIATE BUS SECTION IN ORDER TO AVOID CONFLICTS WITH ON-CAMPUS COURSES.

DEPARTMENTAL APPROVAL IS REQUIRED PRIOR TO REGISTRATION IN ANY FLIGHT COURSE. TO OBTAIN DEPARTMENTAL APPROVAL, PLEASE CALL THE PILOT TRAINING OFFICE AT (217) 244-8606 BEFORE ATTEMPTING TO REGISTER FOR ANY CLASS THAT INCLUDES FLIGHT (I.E.-HAS A FLIGHT FEE LISTED ABOVE).

STUDENTS SHOULD BE AWARE THAT EXTRA FLIGHT PERIODS ARE NECESSARY IN MOST FLIGHT COURSES.

SECTION S: SCIENCE EDUCATION AND RESEARCH FOR CHILDREN. STUDENTS WILL WORK TWO HOURS PER WEEK IN CLASSROOM OR AFTER-SCHOOL SETTINGS TO ENGAGE CHILDREN IN HANDS-ON-SCIENCE ACTIVITIES. AN ADDITIONAL TWO HOURS ARE DEVOTED TO DEVELOPING ACTIVITIES AND MATERIALS.
2 CREDIT HOURS.

SECTION I: THE CHEMISTRY AND BIOLOGY OF EVERYDAY LIFE. INTENDED FOR FRESHMEN TO SENIOR SCIENCE MAJORS WISHING TO EXPLORE IN DEPTH SCIENTIFIC TOPICS OF INTEREST TO THEM WITHIN THE CHEMISTRY AND BIOLOGY OF EVERYDAY PHENOMENA. INITIAL ACTIVITIES WILL INVOLVE LEARNING AND GIVING PRESENTATIONS ABOUT THESE TOPICS OF INTEREST. LATER ACTIVITIES COULD INVOLVE PERFORMING RESEARCH IN A LABORATORY.

CHEM 199 CONTINUED

STUDENTS WILL INTERACT CLOSELY WITH PROFESSORS AND OTHER RESEARCHERS TO DESIGN AND CARRY OUT THEIR PROJECTS. THIS COURSE IS OFFERED TO STUDENTS OF ALL LEVELS. STUDENTS WHO ENROLL IN THIS COURSE FOR THE FIRST TIME SHOULD SIGN UP FOR LECT L1 FOR 2 HRS. CREDIT. RETURN STUDENTS SHOULD SIGN UP FOR LECT L2 FOR 1 HR CREDIT. REPEATING THE COURSE FOR CREDIT IS HIGHLY ENCOURAGED.
